

Our speaker today is John Foppe. (Fawpee)

John will speak about translating visions into outcomes. He is very qualified to talk about making things happen because he:

- owns a successful international training company
- holds a master's degree
- has authored a book
- is an artist
- has been honored as one of the Ten Outstanding Young Americans

All while living with a disability! John was born without arms.

(Short pause)

He believes, “All things are within reach, when you reach within.”

John addresses this challenge by advising visionaries how to courageously:

- voice the unexpressed
- listen to the ignored
- see the potential

As the CEO of Visionary Velocity Worldwide, John has worked in 15 different countries. His clients include Fortune 500 companies like Boeing, GE, and State Farm.

Once you hear John's message, you won't be looking at him—you'll be looking at yourself!

Please help me welcome...JOHN FOPPE!
